SENSATIONAL SUITS FILED IN COURT

MISS DOLLIE SINGLETON ASKS \$5,000 FROM W. P. MARTIN FOR ALLEGED SLAN. DER—OTHER SUITS.

Several sensational suits have been filed in the Circuit Court this week, and the next term of the Lincoln Circuit Court promises to develop some interesting litigation. Miss Dollie Singleton, a school teacher of Stanford, through her attorney, T. J. Hill, Jr., filed suit against Wesley P. Martin, a well known young railroad man, for \$5,000 damages for alleged slander. Mr. Martin is alleged to have made remarks about Miss Singleton, which the petition alleges "cast heavy clouds and suspicions upon her chastity."

Through Attorney F. P. Bobbitt, Mrs. Belle Conley of Crab Orchard filed suit for \$3,000 damages against Curtis Egbert, alleging that he detained her and made an effort to kiss her against her will.

Through Attorney George D. Florence Annie Stoner filed suit for divorce from her husband Robert Stoner. Abandonment is the grounds given. They were married in 1887.

Naomi Givens Farris of color brought suit for divorce against her husband George Farris, pleading as grounds that he has been convicted of a felony. K. S. Alcorn is her attorney.

FINE MULE KILLED.

Interior Journal
Dear Sir:—
Last Saturday night my herd of mares and colts were stampeded by fox hounds causing them to break out of the pasture over a high gate and fence and a fine mare mule colt to break its leg. This stock is perfectly quiet and never known to break a fence before. This colt was by Mr. Sam Harris' Jack and as fine a specimen as I ever saw, I had repeatedly turned down an offer of \$125 for her and refused to price her at \$150. I shot her to relieve her of the suffering. I write this sincerely hoping it will cause fox hunters to cease further damaging me by hunting on my premises. Very truly,
A. W. CARPENTER

Wouldn't Pay Camnitz

LINCOLN COUNTY BOY SHABBILY TREATED BY PITTSBURG CLUB

The daily papers have all carried dispatches from Pittsburgh, Pa., telling of the way the Pittsburgh National League baseball team turned down Howard Camnitz, the popular Hustonville pitcher on \$1200 due him. The dispatch says:

There is a big row on in the Pittsburgh baseball club Howard Camnitz has gone to his home in Kentucky minus \$1200 bonus which he said had been promised him at the close of the season in case he had abstained from intoxicants throughout the season. Barney Dreyfus yesterday evening paid Camnitz in full for the season but would not pay the \$1200 bonus saying he was "not sure Camnitz had earned it." Fred Clark must make the final decision. Camnitz says he can produce 100 affidavits that he has kept sober all the season. There was a big row in the office of Dreyfus last evening when Dreyfus gave Camnitz his check. The father of the pitcher was with him and it was printed here this evening that the elder Camnitz shook Dreyfus rather roughly by the etat collar.

Dreyfus admits the both men threatened him and that he retired to his own office. The Camnitz family then left Pittsburgh according to reports, but before going the pitcher made an open address in which he criticized President Dreyfus severely, saying he would never pitch ball for him again, that Dreyfus had promised himself and Hans Wagner \$500 last year if they would win the pennant but that he had not made good to either. Dreyfus gave out an interview this evening admitting that he had exercised the anti-drinking clause in the contract of Camnitz and had withheld the \$1200 nor would he pay it unless Clark on his arrival in the morning will say it should be paid.

Hail-Beazley

POPULAR YOUNG LINCOLN COUPLE WED IN DANVILLE

Morgan H. Beazley and Miss Lucy Ann Hall surprised their many friends by securing license to wed here and driving to Danville where they were quietly married on Wednesday. Both have a wide circle of friends who will wish them much happiness as they go together through life.

Mr. Beazley is one of the best known young farmers in Lincoln county and is popular with all who know him. His bride is the daughter of Mrs. M. A. Hall, is beloved by all her friends for her splendid character, sweetness of disposition and attractiveness and will make a loving helpmeet for the man of her choice. They will go to housekeeping at once on Mr. Beazley's nice farm on the Dudderdor's Mill pike.

A GENEROUS AND CHARITABLE WISH.

"I wish all might know of the bene fit I received from your Foley's Kidney remedy," says I. N. Itegan, Farmer, No. 10. His kidneys and bladder gave him so much pain, misery and annoyance, he could not work, nor sleep. He says Foley's Kidney remedy completely cured him. Shugars and Tanner.

LINCOLN'S GRANDSIRE LIVED IN LINCOLN

INTERESTING RECORD FOUND IN OLD BOOK IN COUNTY CLERKS OFFICE.

Surveyor's book No. 1 of Lincoln county contains an entry, by the then County Surveyor of the fact, that, on the 12th, day of December 1784, by virtue of two treasury warrants for 400 pounds each he conveyed to Abraham Lincoln 800 acres of vacant land on Green River in Lincoln county. The boundary of the land is described in that record. As this county was then a part of the State of Virginia it is presumed that the Governor of that State issued to Abraham Lincoln a patent for the land. In deed book E, on page 13c in the county clerk's office is a record of a deed dated December 24, 1801, from Mordecai Lincoln of Washington county, Ky., by which he conveys to Christopher Hille the same boundary of land which is described in the above mentioned record of the surveyor's certificate. Mordecai Lincoln, in the deed, is styled "heir at law of Abraham Lincoln." Until the first day of January 1787 the law of Virginia was that on the death of a person owning real estate in fee simple, the title to the real estate descended to his oldest son. The biographers of President Lincoln state that his grandfather was named Abram; that he was killed in Jefferson county, by an Indian within a few years of his immigration to Kentucky and that he left three sons, Mordecai, Josiah and Thomas, the latter being the father of the church steps, about 125 yards.

With a membership of only about 20 the ladies' Aid Society of the Presbyterian church, deserve a well earned applause. After aiding their church in many ways, they have just contracted with Lusk & McKinney for a concrete walk from Main Street to the church steps, about 125 yards.

W. G. Gover has rented for the coming year the Wright farm and bought all their stock and product of the president.

Your city tax for 1910 is due. Penalty of 6 per cent. will be added Nov. 1, W. H. Lair City collector.

The numerous friends of Mr. and Mrs. Fred Jeffers will be delighted to learn of the greatly improved condition.

Mrs. Fred Jeffers will be delighted to

drive out and spend a day with his friends.

Miss Marjorie McCormack has a very gentle four year old horse not afraid of train or auto to sell at a bargain.

Call on W. H. Lair for roofing paint building paper etc. Also buggies, harness and farming implements, groceries, fresh and cured meats.

The wide awake little village of Geneva is still improving and their well assured stocks of goods are being sold at prices that brings more trade.

A college building will be erected soon and town lots are in demand.

Corn is being offered and sold along the Green river valley for \$2.50 per barrel.

Mr. H. McGeath, of Columbia, a fine young business man was the guest of admiring friends in our city. It is earnestly hope that he may be induced to make his home in this end of Lincoln county and we assure him a cordial welcome.

J. C. Goode who is visiting here is a native of Casey county, and now cashier of Pine Knott Banking Co. He was most agreeably pleased at the greatly improved conditions and evidences of prosperity in the West End since his last visit several past. His friends and relatives in our city are anxious for him and friend Mr. Walter Brayes to locate in the West End permanently.

The best joke of the season is on Misses Allie Stagg, Carrie Lippis, Parker Swope, and Milton McCormack. They motored down to Junction City one day last week and after supper told the porter to call them all for the midnight train. Being called they hurried to the ticket office and all asked for excursion round trip tickets to Mammoth Cave. The agent informed them they were just one day late as the Mammoth Cave excursion left the day before. Ask them how they enjoyed the Mammoth Cave trip and you'll get shot.

With three good sized crews, work on the new residences of J. O. Carpenter, June Hocker, and Dr. Chidress is progressing nicely and others are waiting when they have these finished.

The many friends of the high contracting parties will be delighted to know that Mr. Gens Dunn and Miss Kathleen the handsome daughter of Mr. and Mrs. Wm. McKinney of our city were married 1st day of last May. This being the first announcement of their marriage bridal presents and congratulations are in order.

Mr. and Mrs. D. S. Carpenter very handsomely entertained, with a splendid dinner last week in honor of quite a number of relations.

Paid to Cut Wires

REMARKABLE STORY ABOUT DESTRUCTION OF BASTIN LINE

The Harriman Tennessee record prints a remarkable story concerning the cutting down of the wires of the Bastin Telephone Company by four young men of that city. It says:

It is learned from inquiry here at home that in last April J. N. Cox, manager of the Galena Telephone Company whose home is at Cookville, Tenn., called up J. H. Baker, manager of the Cumberland Telephone Company and asked him if he could get four men from Harriman who understood telephone wire that he could secure for him the wiring. He was informed by Mr. Baker, Shiflett, Chase and Wallinger mentioned in the Advocate article. He told Mr. Baker to secure their services and to advance them their expenses to go to Danville. They were met by W. C. Moore, of Somerset, and taken to Danville. When they arrived that they had four miles of private telephone wire which he wished taken down, but as he would be prevented from doing the work, by injunction, it was started in the day time he wanted them to do it at night. They followed the instructions of Mr. Moore and were paid \$5.00 per day for their services and their expenses.

They did the work that night after they got there and remained in Danville until the next day. There was no idea that there was anything unusual about the transaction other than what was told them by Mr. Moore.

It seems that the line belonged to a competing company. It was some time before it was learned who had taken the wires down. Sheriff Fox came to Harriman and arrested the young men, they having been indicted in Danville. H. M. Carr, father of Herbert Carr telephoned Mr. Cox at Cookville as soon as he learned of the trouble and was told by Mr. Cox that the Cumberland Telephone Company had been instrumental in securing him to do the work. When the case comes to trial the young men will be witnesses against the men who employed them. It is apparent that they had no idea they were being used upon as illegal piece of work and had no reason to suspect that the case was other than had been represented to them by Mr. Moore.

GIGLER-SELLERS.

One of the most largely attended weddings held in Junction City was that of Mr. William Setters, of New Austria, and Miss Louisa Gigler, of Milledgeville last week. The groom is 28 years of age and the bride 20 years of age. They are both very popular in their respective places of residence, and fully two hundred people attended the ceremony. Immediately after the ceremony they repaired to the home of the bride's father, Mr. John Gigler, where a handsome reception was held. Music, luncheon and dancing was indulged in for several hours. They will make their home in Milledgeville.

POLITICAL ANNOUNCEMENTS

For Circuit Judge
The Interior Journal is authorized to announce Charles A. Hardin as a candidate for Circuit Judge of the Thirteenth Judicial district, at the election to be held November, 1911, subject to the action of the Democratic Convention.

Senator Elzy Bertram is making a wonderful race for congress in the Eleventh district. The better class of republicans do not relish the candidacy of Powers, and his overweening desire to keep himself in the lime-light has disgusted many who have held doubts as to his guilt of the Goebel assassination. A great many of them have pledged themselves openly to Senator Bertram while others are quietly working for him and the advices from the 11th are to the effect that if Powers is not beaten he will poll a very much reduced majority. The following, from the Lexington Echo, one of the leading republican papers of the 11th District, is a fair sample of how many of the best republicans of that section look upon Powers and his candidacy. The Echo says:

"The Hon. James B. Howard, of _____, was in town several days this week, and it is being quietly whispered about that he is a prospective candidate for governor. We are not in a position to vouch for the truth of this rumor, but one thing we can vouch for and that is he is fully qualified to run for governor on the Powers ticket. The most serious objections that we can see in supporting him is that we fear he would not pardon Henry E. Youtsey in time for him to make the race for the United States Senate."

Preachersville

Mr. F. Griffin, of Griffin Station, accompanied by his wife, and Mrs. Wm. Davis, went fishing to the flat rock a few days since. The best fish caught was a blue cat which measured 28 1-4 inches long and weight 9 1-2 pounds. In a short while another fish was held of the hook, and after a few quick moves, rushing into the middle of the river, succeeded in escaping with a good part of Mr. G's fishing tackle. It is thought to be a large blue cat which has broken many lines for the local sports, for years past, in these parts, perhaps a mate to the big one caught years ago by Henry Johnson, of color, who was a fine fisherman.

A pretty little daughter has arrived at the home of Mr. and Mrs. Grover Gagin in Garrard. The mother was formerly Miss Alpha Naylor, of this place.

Mrs. T. Meadows, of Williamsburg, and Miss Mary Ross, of Garrard, were visiting Mrs. Fado Parks. Messrs. Samp Cummins and J. F. Pettus have

returned from a two weeks sojourn at Springfield. Mrs. J. B. Mershon, of Somerset, is visiting her sister, Mrs. W. P. White. John Bell and wife, visited John Naylor. J. T. Chadwick and daughter Miss Melisada, visited at W. P. White's. Miss Flossie May Sattin of Lancaster is with her sister Mrs. M. O. Kennedy. Dr. Wm. Doores of Stanford was here Sunday, a guest of Mr. and Mrs. P. E. Parrish, and attended protracted meeting. He called to see his old time friend Mr. H. Blankenship, who continues quite poorly. Mr. David Adams and family are much better of fever. J. R. Riggsby's children are about well. Mrs. J. M. Creas is ill of chills.

John T. Riggsby sold to Harris & Woods 15 feeding cattle at 5 cents. George Brown bought 18 500 pound cattle of Sutton & Hammonds at 4 1-4 to 4 1-2 cents. D. M. Anderson sold a weanling jack colt to Wm. Shanks for \$150, also four mules to same at \$75. L. F. Thompson sold two two-year old mules for \$250 and bought a mare for \$160. Levi Bell sold an aged mule to T. J. Stigall for \$60. John T. Riggsby sold about 350 hales of hay to B. D. Holtzclaw at 65 cents, and bought two calves of T. W. Napier for \$32.50. J. H. Thompson sold Wm. Bright 16 750 pound yearlings

The protracted meeting of the Baptist church closed Sunday night. There were six additions. The baptism of the converts was administered Monday afternoon. J. H. McQuerry was visiting P. F. Kennedy and wife.

Mr. Bradley Wilson spoke here at W. C. Cummins' store, Thursday evening to a good sized crowd, in the interest of the tobacco pool. Mr. Wilson is

an interesting speaker on a very interesting subject. His talk from start to finish was a straight forward sensible argument and was heard with closest attention. Much interest and enthusiasm shown and we believe the growers will be sensible and get on the "inside of the fence."

On account of failing health W. P. White has decided to rent his farm and sell out and go to Arizona. He will advertise in the I. J. soon.

William Naylor is about to lose the sight in one eye. Mr. Henry Blankenship is about the same. We were misinformed about Mr. Frank Lynkins having typhoid, his disease being malaria. Mrs. Thomas Owens is convalescing.

REVIEW

Sunday School Lesson for Oct. 23, 1910
Specially Arranged for This Paper

Golden Text—"And it came to pass, when the days were well nigh come that he should be received up, he steadfastly set his face to go to Jerusalem, and sent messengers before his face."—Luke 9:51

The first element of a good review is to make it a real review, a general view of the whole period which has been studied. In this case our review covers 13 lessons, from Lesson III. of the third quarter to Lesson III. of this quarter.

The second element is that the review be made attractive and interesting. And it can be so conducted both in the class and for the whole school as to become one of the most attractive and helpful sessions of the year.

The period covered by this review extends from the summer of A. D. 29 to April 4, A. D. 30; about nine months.

The place in the life of Christ is the last part of the great Galilean ministry; the whole of the Perian ministry in the country east of the Jordan; and the last four days of Christ's public ministry, in Jerusalem and vicinity.

The Map.—Trace on the map the movements of Jesus—Capernaum, Cesarea, Phillipi, Galilee, Capernaum, Jerusalem, Galilee, Paros, Jericho, Bethany, Mount of Olives, Jerusalem.

Picture Review.—Reproductions from photographs of great paintings, and of Biblical and historical places and events, (both in color and in black and white), are now so reasonable in price as to make them available for regular use in the class or Sunday school. It is a great help to the memory, if each class or each scholar makes a picture book of this part of the life of Christ. The best book for this purpose is one made for this object, of 140 pages, with a peculiar but simple back, which enables one to fill the book with pictures without at all distorting the covers, which are of heavy board covered with tasty paper. The text of Matthew's Gospel can be pasted in from some cheap edition of the Gospels, or, better, written in the words of the scholar.

Great interest can be added to the making of these volumes in various ways. They are ornamented with pen drawings. "For instance, the fact of Jesus working as a carpenter during his young manhood is happily illustrated by sketching a hammer, a jack-knife, saw, or other carpenter's tools." Maps and charts and small pictures can be cut out of disused Quarterly; illustrations can be preserved from magazines and newspapers; small cards can be obtained with beautifully arranged pressed flowers in various natural colors, from different parts of Palestine which Jesus has made sacred, two cents each, in packages of 25.

Another Form of Picture Review.—Mrs. Estelle M. Hurll, author of a capital volume on "The Life of Our Lord in Art," advocating the greater use of pictures in the Sunday school, says: "A successful teacher of a large Bible class in one of our churches, wishing to provide something usually instructive for Review Sunday, chose this plan: she procured a large number of photographs descriptive of the life of our Lord, placed them upon the walls and upon easels in the class room, until she had the whole story told in pictures. During the session no word from her was necessary, except a few simple explanations, while the pupils passed in silence from one picture to another, taking in its beauty and its lesson at the same time. "It was the most impressive service I ever attended," said one who was there, and the whole class echoed the same sentiment as they slowly left the church.

Traveling by Stereoscopic Pictures.—These are growing more popular, being used in day schools as well as in Sunday schools, because the pictures are incomparably better than those of a few years ago. They are such life-like representations of the places where our Lord lived and walked and taught, the figures and the scenes are brought out so clearly that it is almost the same as if we were actually traveling in the Holy Land. People are more and more waking up to the likeness of the experiences that may be gained in the stereoscope to those gained by viewing them on the spot.

There are 100 pictures of Palestine, in a leather case, with a book enclosing a map and a description of the tour through the Holy Land. Of course a selection can be made of the pictures. This can be made most useful for an evening meeting with the class. It would be well for each Sunday school to own a set of these.

The Topical Review.—Let the scholars go through the lessons during the previous week, some taking one class of subjects, and others another, if they are unable to examine all thoroughly. I. Find all the statements that were applied to the life of the apostles. II. Find those two which contain references to children. III. Find those which refer to marriage feasts. IV. Find those which are based on vineyards.

V. Tell the story of each of the parables. VI. Tell the story of the triumphal entry. VII. What do we learn about watching? VIII. Note the references to Christ's suffering and death.

Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "break them in half and crush them" is an annoyance; that usually they work too drastically, and are nauseating and too powerful for the little one's stomach.

Any mother who will take the trouble of sending her name and address can obtain a free sample bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup, Peppermint, and the offer of a free trial bottle is open to any mother who will send her name and address. It and convinced yourself that this is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. The free sample being easily to convince you of its merits. If you the bottle, "to begin on it," write to Dr. W. B. Caldwell, 1719 Coke street, Louisville, Ky., both started with a free sample and now they write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, mild and natural. It has the advantage of being a thorough laxative and yet constipating properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. I explain your case in a letter and he will reply to you in detail. If the free sample simplifies your name and address on a separate card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.
